Exported: Tue, 13. Oct 2026 00:11

This PDF contains all information needed to access chats which are stored on the device with the machine ID mentioned above. Anyone with access to this information can access and maintain the chats. Scan the QR code with the new device, or enter the following URL on that device:
https://c99.chat/domig.php?mid=

Last comment	Chat ID	Chat Name	Chat Comment	Chat PIN	Encrypted?	Moderated?	Archived?

Note: There may not be any existing chats on the target (new) device; access to those will be overwritten.
If a chat is encrypted, you need to note down the password manually - these passwords are not stored on c99.chat!
